REPORT

Tree plantation

Name of department:- NSS (girls unit) / Economics society / Commerce society

Date :- 04.03.2021 and 05.03.2021

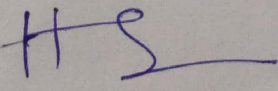

No. of participants :- 50 plus students and teachers .

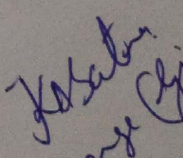

Objective of the event : The objective of tree plantation is to know the value of environment, benefits of tree, beautification in and around.

Description of the event. :- The tree plantation was done enthusiastically after coming back from lockdown.

Teachers and students did the plantation in the college campus and around the roads outside the college. All the students were asked to plant one tree each on their birthdays and take care of it.

Outcome of the event :- Tree plantation is a great way to increase students interest in their local environment and achieve academic goals. It will promote the continuous planting of trees and will help to tackle the adverse effect of climate change as a result of continuous indiscriminate deforestation.
